CONGREGATIONAL MEETING

There will be a very important congregational meeting at the Central Presbyterian Church at 10:45 Sunday morning. The object is to call a pastor and every member is urged to be present.

Dr. Walter S. Chandler, who died at his home in Mt. Olivet, mention of which has been made, was a member of Maysville Commandery No. 10 Knights Templar. The funeral will be held at his late home at 10 o'clock this morning after which the remains will be brought to Maysville taken in charge by the members of the Commandery and escorted to the cemetery where the interment will take place at two o'clock this afternoon.

CARD PARTY A SUCCESS

The card party held by the Mason County Woman's Club at their headquarters on Sutton street last evening was largely attended and the ladies remitted quite a neat sum from the evening's entertainment. This is the second successful party of like character the ladies have held in their club rooms.

City Treasurer H. C. Curran will deliver an address before the Baraca Class Sunday. Mr. Curran is a forceful and attractive speaker and has a message that should be heard by every man in Maysville.

City Engineer W. L. Glazier of Covington, was a visitor in this city yesterday.

DISABILITY POSSIBLE

A New Policy

Works like this, John Sample, age 35, pays \$29.46 per thousand, which will be reduced by 1917 dividends \$5.22, upon payment of second premium, making the net cost \$24.42. Policy will contain total and permanent disability benefits, which means, first, waiver of premium payments on policy during disability, and company will pay the insured \$100.00 per year while disabled; then the face of policy, \$1000.00, at death; disability means loss of eyesight, loss of both hands, loss of both legs, loss of one hand at foot, loss of mind, total loss of body from paralysis or disease.

RAILROAD STRIKE QUESTION

Seems Very Much in Doubt—President Makes Plea to Leaders of Both Sides—C. & O. to Do On Sunday.

Things were very quiet around the freight offices of the L. & N. and C. & O. stations here yesterday on account of the embargo put on all classes of freight by the heads of these railroads. The embargo orders were merely precautionary measures.

The employees of the C. & O. railroad will go out on Sunday night at 6 o'clock unless further orders are received by the members of the brotherhood. The L. & N. has not been included in the general strike order but will probably be included later, despite the counter proposal made by President Smith of the railroad.

Mr. J. B. Russell of the M. C. Russell Co. yesterday received a telegram from Cincinnati stating that on account of the high water boats would not receive freight for shipment.

Many of the local employees of the railroad seems to think that successful arbitration will be made.

Four members of National Council of Defense Intercede in Rail Controversy

New York, March 17—Three of the mediators appointed by the National Council of Defense in an attempt to avert a general railroad strike were still in conference with the chiefs of the four railroad brotherhoods at 12:45 o'clock this morning. After that time, more than two hours after the meeting began, no word had come from the room where the session was being held.

Meanwhile the members of the National Conference Committee of Railroad Managers were awaiting at the Grand Central Terminal a summons to join the conference. The committee of managers, headed by Elisha Lee, its chairman, was called into the conference room at 11:15 o'clock.

Secretaries Lane and Wilson and Daniel Willard, the mediators, were still in conference with the brotherhood chiefs and the railroad managers at 2:15 o'clock. Samuel Gompers, the fourth member of the Council of National Defense, named as a mediator, had not arrived and no word has been received from him as far as could be learned.

No intimation had come from the conference room as to the progress of the deliberations, and there was no indication that the meeting was nearing an end.

Secretary Lane sent word from the conference room at 2:20 o'clock that the brotherhood men had left but that the mediators were still in conference with the managers. No said no further statement would be made to night.

President Makes Plea
Washington, March 16—President Wilson today called upon the railroad managers and chiefs of the brotherhoods as patriotic men to reopen the question at issue between them and prevent a general interruption of railway traffic "in this time of national peril."

The President's message, an appeal for adjustment of differences, and a solemn protest against a strike, was sent after he and the cabinet had approved a proposal of the Council of National Defense that it send a committee to New York to undertake mediation between the railroads and their employees. At the same time three of the four members of the committee, Secretaries Lane and Wilson, and Daniel Willard, president of the Baltimore & Ohio railroad, started for New York to seek immediate conferences with representatives of both sides.

DENTAL INSPECTION OF SCHOOLS

On next Tuesday and Wednesday mornings the annual dental inspection of the public schools will be held. At this time the following dentists will offer their services to conduct the inspection: Dr. Edwin Matthews, F. P. Lang, J. A. Dodson, G. M. Williams, D. C. Franklin and J. W. Cartmell. The authorities of the school realize that the care of the teeth is a very important thing and that each student in the schools should know the condition of his or her teeth.

FAVOR EXTENSION BROOKSVILLE ROAD

The Mt. Olivet Tribune-Democrat says: More talk is heard about a railroad, the majority of our people favoring the extension of the Brooksville road to Mt. Olivet. This can be done, and it is foolish to spring a road to the coal fields. Once connected with the road at Brooksville and we will be enabled to get everything we need—coal, lumber, merchandise, etc.

The Aid Society of the Christian Church will meet Monday afternoon at 2 o'clock with Mrs. Joseph Perris of 118 East Third street.

Lest You Forget

"I've TOLLED and tolled a million times,
Said the church bell, with a sigh;
"And tho' I'm now a century old,
Of all the times that I have tolled,
I never tolled a lie."

Just a gentle reminder of that promise you made to attend Baraca Class.

Sunday morning when you hear the church bell, 'phone bell or door bell ring, DON'T LIE—in bed—but wake up—get up—dress up—call up—your partner, friends, neighbors—round them up—and wind up—by making yourself a Baraca Captain, marshal your forces and head them towards Baraca Class.

This will be the "overt act" in BOOSTING MAYSVILLE. We must start Paris 200 strong. Rally Men. Be Loyn.

LITTLE CHANGE IN RIVER

But It Is Thought to Be Falling This Morning Very Slowly—Rains of Yesterday Will Cause No Change in Stage.

The river gauge at the foot of Market street this morning shows a stage of 53.3 feet. A gauge of 53.4 was recorded last evening, which shows that the Ohio is dropping but very little, although on the decline.

The river is very rough this morning and accurate markings can not be made of the stage. Capt. Plaster said that for this reason he could not state that the river was falling.

The rains of yesterday afternoon and last night will probably have no effect on the stage of the river further than to retard its dropping. The residents of the 1913 flood zone were scared up considerably when the rain began to fall but its cessation allayed their fears.

The river is falling rapidly at all points above.

SELL PROPERTY

Messrs. I. M. Lane & Co. have sold the Pearce property on West Second street near the depot to Mr. S. P. Browning.

Lets all of us men who do not attend Bible School go to Baraca Class tomorrow and show Paris how to do it. Attention is called to the attractive advertisement of the Baraca Class in today's issue.

DILATORY DEMOCRACY

The unprecedeted jam of legislation at the close of the recent session of Congress was in no sense produced by Republicans in either branch. It was the result of the legislative tactics of the Democrats who, with absolute command of the situation at both ends of the Capitol, have delayed the framing of highly important bills until the last minute and who hoped to spring the vicious revenue bill of this year at a period in the Congressional calendar which would permit the measure to be jammed through without a debate searching enough to reveal its iniquities. The revenue bill should have been decided upon three months ago. Its main lines should have been explained and the co-operation of both parties should have been secured in drawing and passing an act so essential to the country's welfare. Instead of any open and above-board policy like this, Claude Kitchin drew the bill in company with his Southern colleagues and then boasted that the North would have to pay the taxes which had been imposed. Under a gag rule the bill was forced through the House; and in the Senate it was taken in hand by a few Democrats who met behind closed doors and who refused to let any Republican know what was being done. Ten days before the session was to close, when the calendar was clogged with all sorts of legislation—appropriation bills, spy bills, preparedness measures, the railroad bills, and what-not—the Democrats undertook to prevent reasonable discussion of a bill which laid hundreds of millions of new taxes and which permitted the expenditure of those millions in the loosest possible way. The Republicans rebelled. They represent the people who will have to pay. They were right in rebelling. But their rebellion was not much against the high-handed manner in which Southern Democrats shoulder off the burden of government support upon Northern Republicans as against the slip-shod dilatoriness which marks Democratic conduct of public business.

COMMISSION AND OMISSION

Failure of the Interstate Commerce Commission to act promptly and effectively in devising of relieving the car shortage due to freight congestion, has not only destroyed much of the prestige of that body but has shaken confidence in commissions as the ultimate solution of every problem. We have been drifting very rapidly, of late, into the notion that when any perplexing difficulty is presented the best thing to do is create a commission with authority to deal with the situation as its discretion may direct. We have gone almost commission mad. The inability of the Commerce Commission to take steps that would unload and move the idle cars demonstrates the need of laws which shall clearly fix the responsibility of persons who fail to load or unload cars within a reasonable time, and also of transportation companies which fail to furnish cars for shippers within a reasonable time. As a matter of fact, the most important improvements in transportation in recent years have been accomplished either by the railroads themselves or by act of Congress. We must look to Congress and not to the Commerce Commission for the reforms of the future.

NON-PARTISAN IN NAME ONLY

Observant people do not overlook the fact that all this halden dash about a "coalition" for the organization of Congress, and of non-partisanship through the election of Champ Clark again as Speaker, and of other things designed to "show Europe that we are united" all have one end—strengthening the hand of the Democratic party. It is all very well to talk loudly about the folly of permitting a "handful of independents" to dictate, but the truth is that if this handful should show an inclination to "dictate" for the benefit of the Democrats there would be no outcry for non-partisanship. This is an old game with Democrats. Mr. Wilson himself has not been above it in times past, is not above it now, indeed. He has appealed frequently to the independents on the ground of non-partisanship—but to the independents violently partisan President than he.

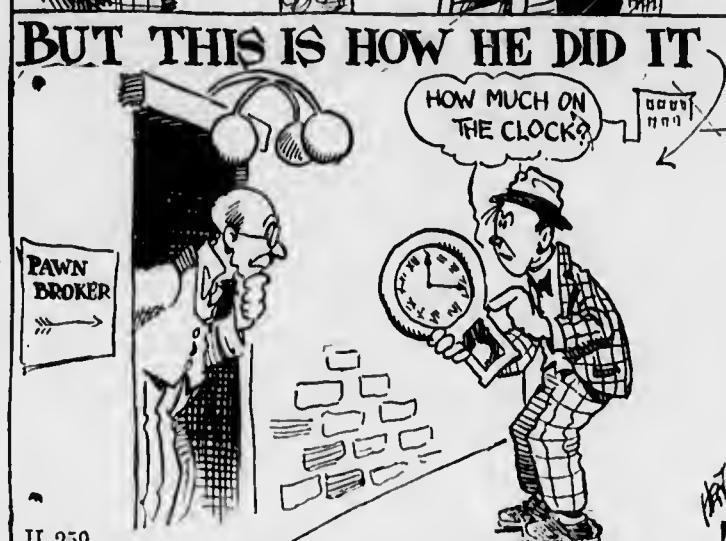

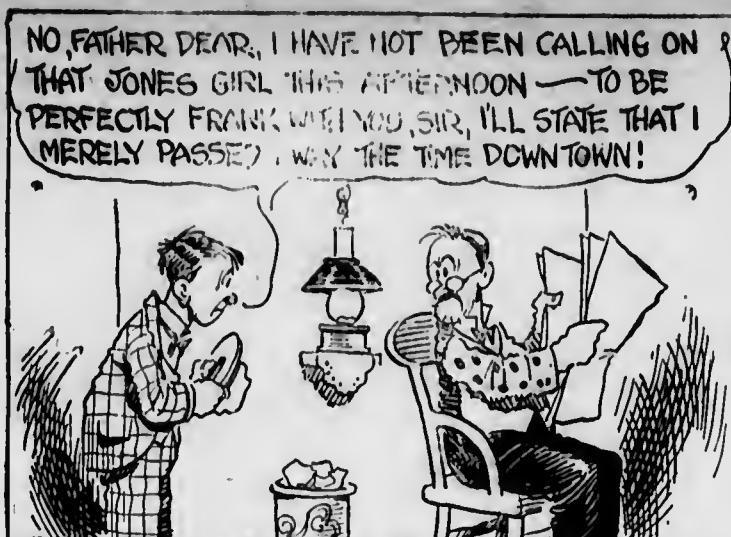

The high cost of living has recently produced some serious food riots in New York City, where the women of the tenement house district assailed the push-cart men and the corner grocer because of their prices. These unlettered females have evidently not read the Baltimore platform, the resounding promises of which have been written into law—but not yet made applicable to realities.

TSAR OF RUSSIA ABDICTATES

Petrograd, March 15—The Emperor of Russia has abdicated and Grand Duke Michael Alexandrovitch, his younger brother, has been named as regent. The Russia ministry, charged with corruption and incompetence, has been swept out of office. One minister, Alexander Protopopoff, head of the interior department, is reported to have been killed and the other ministers as well as the president of the imperial council, are under arrest.

A new national cabinet is announced, with Prince Lvoff as president of the council and premier and other offices held by the men who are close to the Russian people. For several days Petrograd has been the scene of one of the most remarkable uprisings in history. Beginning with minor food riots and labor strikes, the cry for food reached the hearts of the soldiers and one by one the regiments rebelled, until finally those troops that have for a time stood loyal to the government, took up their arms and marched into the ranks of the revolutionists.

Emperor Hurries From Front

The president of the Duma, Michael V. Rodzianko, was the leading figure among the deputies who unanimously decided to oppose the imperial order for a dissolution of the house. They continued their sessions and M. Rodzianko informed the emperor, then at the front, that the house had struck when the will of the people must prevail. Even the imperial council realized the gravity of the situation and added its appeal to that of the Duma that the Emperor should take steps to save the people a policy and government in accordance with their desires and in order that there should be no interference with carrying on the war to a victorious ending.

The Emperor hastened back from the front only to find that the revolution had been successful and that a new government was in control. The Empress, who, it is alleged, has been influential in the counsels opposed to the wishes of the people, is reported to have been placed under guard.

Troops Go to People

At first it seemed a miracle that the revolutionist, without pre-arranged plan, without leadership or organization, could, in such a short time with comparative ease achieve a complete victory over the government. But the explanation is made in the reluctance of the troops to take sides against the people and their prompt desertion to the ranks of those who opposed the government.

AUTOCRACY FALLS BEFORE ANTI-GERMAN SENTIMENT

Washington, March 15—The overthrow of the Russian autocracy was accepted in all figures here as a complete victory for the anti-German sentiment in the empire, removing virtually all chance of Russia being drawn away from her allies into separate peace.

The sensations created by the news of the successful revolution in turning out of the ministry and the arrest of pro-Germans was followed by another more profound when press dispatches announced the abdication of Emperor Nicholas.

It had been assumed that in spite of the belief that the Emperor, influenced by his German wife and pro-Tentente advisers, was lukewarm or worse in support of his allies, he would be permitted to continue nominally as the head of the new government. The overthrow of the government by the Duma is interpreted here as the culmination of efforts made throughout the war to rid the country of the German influence.

During the war industries have risen and fallen much as the military situation swayed the pendulum for or against the German faction. With each swing it has appeared as though the anti-German forces were gaining the ascendancy.

Bitterness at the military disaster, dissatisfaction at the general management of the war, food shortage that in places had become critical and the ever-present struggle between classes and between pro and anti-Germans have kept the empire in a continual seething. Only the meagerest reports have been allowed to escape the censor so that the world has been dependent for much of its Russian news on German sources, which naturally have interpreted events to their own advantage.

DAM NO. 32 AT ROME

(Manchester Signal)

Ohio River Dam No. 32 is to be located at Rome, this county, according to a report of the Ohio River Board of U. S. Engineers. This government operation will be one of special interest, nearly completing the system maintaining a perfect 9 foot river stage between Pittsburgh and Cluehnmatl. Dam 31 is located three miles below Portsmouth and with favorable conditions will be completed this year, while Dam No. 33 is located three miles above Maysville and will require two or three years to complete.

DECISION TO SELL ENTIRE CANADIAN WHEAT CROP TO GREAT BRITAIN IS REACHED BY COINCIL OF AGRICULTURE

Ottawa, March 15—The Government has received word that the Canadian Council of Agriculture, meeting at Regina, has decided that the whole wheat crop of Canada shall be taken for the British Government.

The price to be paid, it was decided, should be, for No. 1 Northern at Winnipeg, a minimum of \$1.50 and a maximum of \$1.90 a bushel.

An opinion suggestion is \$1.70 flat at Ft. William for grades from No. 1 Northern down, to be valued according to milling tests. The British offer was \$1.30 at Ft. William.

It is understood that the Dominion Government will handle the business, buying from the farmers and insuring transportation to seaboard.

Australia's wheat crop was purchased last year by Great Britain, but the shorter voyage from Canada to England is understood to have prompted the British authorities to buy in Canada this year instead of in Australia.

PEARY WARNS AGAINST HOSTILE AIRPLANES

Baltimore, Md., March 13—Rear Admiral Peary, in an address here today at a preparedness meeting for children, declared that the United States must spend energy, brains and money generously on its defense for it would find war on its hands a host of airplanes sailing over its seaboard cities dropping bombs.

He said that in a few months, three ships entered Hampton Roads, without any hint being given of their coming. The Aspasia, smallest of three, he says, could easily have housed a squadron of airplanes and each airplane could easily have carried 1,000 pounds of explosives.

He says the vital need at present is a dependable coast system from Eastport to Brownsville and from San Diego to Cape Flattery.

A new book on tobacco growing, handsomely illustrated with pictures of growing crops, and describing in detail many methods of growing this important crop and protecting it from insect and other injury, has been issued by The American Agricultural Chemical Company, Cincinnati, Ohio, who will send a copy free to any tobacco grower. The book contains 48 pages, is finely printed and well worth reading. Just drop them a card, ask for the book, and mention this paper. \$1-12

Albany, N. Y., March 15—A bill authorizing the Governor to compel the registration of all foreigners in the State was reported favorably today by the Assembly Judiciary Committee.

TREATY VOTE DELAYED AS DEBATE CONTINUES

Washington, March 15—The Senate talked for three hours today behind closed doors about the Colombian treaty without reaching a vote. Several senators are expected to speak tomorrow and after they have concluded there may be an agreement for action Saturday.

Chairman Stone and Senators McCumber and Fall, of the Foreign Relations Committee, debated the treaty today. They followed closely the lines set out on the majority and minority reports on the treaty. Senator Stone said ratification was essential because of the international situation. Senator McCumber declined the proposed \$25,000 payment was blackmail, and said that if the United States bought Colombia's friendship in this case, he might have to buy some other nation's friendship in the future.

Senator Fall argued for an open session on the treaty, but a motion by Senator Borah to open the doors was defeated by a large majority.

ANCIENT CAPITAL REJOICES AT FALL OF GOVERNMENT

London, March 15—"Moscow, the ancient capital of Russia, resounds with popular rejoicing over the overthrow of the government," says Reuter's Moscow correspondent. "The officers have rallied to the new national government and a military committee has been formed to preserve order and regulate food supplies. The committee is backed by a brigade of artillery, five regiments of infantry and the armed militia."

TOLD TO WASH DISHES: BOY COMMITS SUICIDE

Haledon, N. J., March 15—When ordered to help his mother wash dishes, thirteen-year-old Raymond Canove went to the cellar and hanged himself.

El Paso, Texas, March 15—Francisco Villa captured Parral, Chihuahua, Saturday, defeating the Carranza forces there.

JUDGE FOR YOURSELF

Which is Better—Try an Experiment or Profit by a Maysville Citizen's Experience.

Something new is an experiment. Must be proved to be as represented.

The statement of a manufacturer is not convincing proof of merit. But the endorsement of friends is. Now supposing you had a bad back, a lame, weak, or aching one. Would you experiment on it?

You will read of many so-called cures.

Endorsed by strangers from far-away places.

It's different when the endorsement comes from home.

Easy to prove local testimony.

Read this Maysville case:

Ben. P. Fleming, constable of Mason Co., 217 E. Lee St., Maysville, says: "I have used Doan's Kidney Pills and on for several years, getting them at Wood & Son's Drug Store, and they have been of great benefit. At times, my kidneys have been out of order and I have suffered from a dull, constant ache through the small of my back. The kidney secretions have been irregular in passage, too. A box or so of Doan's Kidney Pills have never failed to relieve me of the complaint in a short time."

Mr. Fleming is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches, you don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mr. Fleming had—the remedy backed by home testimony. 50c all stores. BOYS TAKEN INTO CUSTODY
Officer Drennen yesterday afternoon arrested four boys at the C. & O. depot and took them to police headquarters. One of the boys was in the yards at that place and in attempting to catch a moving train slipped and fell, narrow missing going under the train. The boys gave their names as William Oore, Itmdolph Burger, Eugene May and Fred Gahr. They gave their homes as Covington. Chief Mackey reported the case to the Chief of Police at Covington. Later the father of young Gore arrived and took him but he could not identify the others.

EXCELLENT SOCIAL HELP

The banquet given last evening by the Blue and White sides of the Epworth League of the Third Street M. E. Church to the Reds was a very successful one and all present greatly enjoyed the splendid program offered. The evening was well filled with music, speeches and games. A good number of the League Loquacious Literary Ledger was read. Delicous refreshments were served. Captain Smith of the Red side was honored by being awarded a crown and a throne for his victory.

OUR COLORED CITIZENS

Mrs. Gertrude White, aged 42, died at her home in Washington Thursday night at 9 o'clock following an extended illness of tuberculosis. The funeral will be held this afternoon at 2 o'clock from the Washington Church with burial in the Washington Cemetery.

Mrs. John Simpson of the Hill City Pike, was called home on the account of the illness of her mother.

MOTHERS
Should see that the whole family take at least three or four doses of a thoro, purifying system cleaning medicine this spring. Now is the time. The family will be healthier, happier and get along better if the blood is given a thoro purifying, the stomach and bowels cleaned out, and the germs of winter accumulated in the system driven away. Hollister's Rocky Mountain Tea is the very best and surest Spring Remedy to take. Get it at once and see the difference in the whole family. Their color will be better, they'll feel fine and be well and happy. 35c. The best Spring tonic-laxative, purifier. J. J. Wood & Son.

P. T. A. MEETING

A meeting of the Parent-Teacher Association of the Central District was held yesterday afternoon in the High School and important business was transacted.

Plans were made for the giving of the operetta by the grade children and a few of the High School students, under the auspices of Miss Cornelia Jones, teacher of elocution. The date was set for the Friday following Easter, April 13. The money raised from this entertainment will be used in purchasing playground equipment for the children.

Civic Leagues have been organized in each room of the grades in the Center District building and the Women's Club has offered to furnish a chaperon for scout work in nature study. This work will be taken up as soon as the weather permits.
